SATURDAY 11|5

1:30 PM & 4:30 PM

IMPEX RECORDS™

AUDIO REFERENCE

Der Ton macht die Musik.

In the 60 years since its release, Stan Getz's cultural touchstone album has been issued hundreds of times, and for good reason. Few recordings better capture the breezy warmth and easy-going sophistication of Brazilian bossa nova for a jazz audience. Fewer recordings can replicate the you-are-there presence and flawlessly tight studio acoustics. Only *Getz/Gilberto* has the Billboard Top-10-charting singles "The Girl from Ipanema" and "Desafinado."

Stan's son Nicolaus brings his unique perspective on the life and work of his father to give captivating and heartfelt presentations on his father's music and family life.

Audio Reference and Impex Records are proud to host Nick Getz who will share fascinating stories and personal insights into his father's life and creative process, including details about the period when his father was recording *Getz/Gilberto*.

A short demonstration of the amazing *Getz/Gilberto* 1STEP will follow each presentation.
